2. Please note that the cost of incorporating the [redacted] capabilities in the existing Marine Crystal Video System is predicated upon the acceptance of the over-run cost as submitted by the contractor earlier. [redacted] has advised that it is imperative that the over-run cost be approved at the earliest possible date. In order to meet the existing delivery schedules, they requested that the authority to proceed be granted prior to 31 August 1956. It is our understanding, however, that you did not wish to obligate this sum until you were furnished with the proposal for the [redacted] capabilities.
